

How to Become an Election Judge

We need Republicans to sign up as election judges for the 2022 election! This is a key way for you to ensure votes are secure here in Colorado and for you to be part of the process.

If you are hired as an election judge, you will receive a small salary, and you will need to go through official training.

There are three steps we recommend to becoming an election judge:

- 1) Please [sign up here](#).
- 2) Please reach out to your county GOP Chairman (listed below) to get on the recommended Republican judge list.
- 3) Please also apply for an election judge position through your county clerk. You can find contact info at this link: <https://www.clerkandrecorder.org/allcounties>

If you want to be a poll watcher instead of an election judge, you can [sign up here](#).

GOP County Chairs
